

# CHAIN FOR LIGHT WEIGHT SASH

NO. 00 STEEL SASH CHAIN

NO. 35 STEEL SASH CHAIN

These chains are both made of .035 cold rolled steel and are recommended for sash weighing up to 100 pounds. The plain steel chains have a fine finish and we can also furnish both chains in copper plated and sherardized finishes at a slight advance in price.

NO. 00 RED METAL (BRONZE) SASH CHAIN

NO. 35 RED METAL (BRONZE) SASH CHAIN

Put up 500 feet on a steel reel or 100 feet of chain and 40 No. 00 hooks in a cloth bag. With each 500 feet of chain put up on a reel, we furnish (if ordered) 200 hooks, no charge.

NO. 00 BRASS SASH CHAIN

NO. 35 BRASS SASH CHAIN

Primarily these chains were designed for hanging sash, but there are many other ways in which they can be used. We guarantee the chains for any purpose where they are not subject to a strain of over 100 pounds.

**Shipping weights — approximately 38 lbs. 1,000 feet.**

## FIXTURES FOR ABOVE CHAINS

One set of fixtures is required for hanging a window of two sashes and consists of 8 hooks.

We recommend these hooks for use with our lightweight chains and consider this the simplest method of fastening these chains. Hooks furnished in sherardized finish.
